# Forward Looking Statements

This presentation includes forward-looking statements within the meaning of the federal securities laws. These statements, among other things, relate to our business strategy, goals and expectations concerning our product candidates, future operations, prospects, plans and objectives of management. The words "anticipate", "believe", "could", "estimate", "expect", "intend", "may", "plan", "predict", "project", "will" and similar terms and phrases are used to identify forward-looking statements in this presentation. Our operations involve risks and uncertainties, many of which are outside our control, and any one of which, or a combination of which, could materially affect our results of operations and whether the forward-looking statements ultimately prove to be correct. We have described these risks in our Registration Statement on Form S-1, as amended, filed with the Securities and Exchange Commission. Before you purchase any of our securities, you should read the Registration Statement to obtain more complete information about our operations, business and the risks and uncertainties that we face in implementing our business plan. We assume no obligation to update any forward-looking statements except as required by applicable law.

# MTBC Highlights

## Healthcare information technology company

- Proprietary, fully integrated, SaaS and service solution
  - Mobile Health ("mHealth")
  - Electronic Health Record ("EHR")
  - Practice Management ("PM")
  - Revenue Cycle Management ("RCM")

## Large, highly fragmented market

- Consolidator in the highly fragmented healthcare IT market
- Over 1,500 RCM companies, none with a 5% market share
- Regulatory changes are driving consolidation
- Over 700 EHRs certified for MU Stage 1, yet the majority have not obtained MU Stage 2 certification, as of November 1, 2014

## Scalable, cost-efficient business model

- Cloud-based software
- Educated, low-cost offshore labor force with over 2,000 employees

## Predictable recurring revenue with "sticky" customer base

- 95% of revenue visibility at the beginning of each quarter
- 90% renewal rate for clients that utilize our EHR solution

## Highly experienced management team

- Completed and integrated six acquisitions over the 3 years before the IPO
- Public company and industry experience

## Solid financial performance

- Six consecutive years of EBITDA-positive operations pre-IPO
- Ability to realize significant operating leverage post-acquisitions

*To strive be a leading provider of integrated SaaS and business service solutions to healthcare providers practicing in the ambulatory setting by utilizing leading-edge technology and cost-effective labor*

- Development/hosting of practice website
- Patient appointment reminders\*
- Administrative dashboard
- Patient portal\*
- Real time business intelligence

- Secure patient communication portal\*
- Online appointment scheduling\*
- Customizable SMS alerts\*
- Automated preventive care scheduling
- Transcription services\*

- Deductible verification\*
- Eligibility checking\*
- Claims scrubbing\*
- Denial management
- A/R Tracking
- ICD-10 compliant\*
- Live patient support

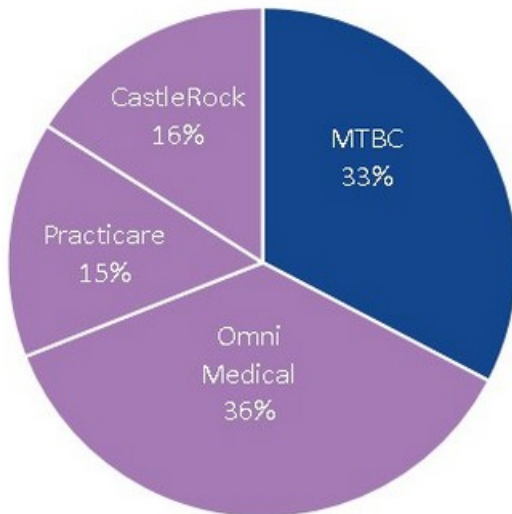

- Meaningful Use Stage 2 certified\*
- Integrated lab orders and results\*
- Electronic prescribing\*
- Secure messaging\*
- Clinical charting\*
- Drug and allergy alerts\*
- 24x7 technical support\*

**mHealth applications extend the core functionality of the EHR, PM and RCM platform to mobile devices**

\* Identifies functionality that is also available through our mHealth applications

2015 Revenue of ~\$30 million

## Business Overview

- Headquarters: New Jersey
- 970 practices representing 2,200 providers
- 2,300 employees as of December 31, 2014

## 2014 Guidance

- Revenue: \$18.0-\$18.5 million
- Adjusted EBITDA: (\$1.0)-(\$1.5) million
- Adjusted Net Income per share: (\$0.15)-(\$0.20)

## 2015 Preliminary Guidance

- Revenue: at least \$30 million
- On track to reach 30% Adjusted EBITDA margins from the existing business during the second half of 2015

## FTEs By Region

Global FTEs: ~1,800

July 2014

Global FTEs: ~2,300

December 2014

## Right-shoring Strategy

- Business processes being transferred to most suitable team members based on cost, complexity and efficiency
- 1,000 team members added in Pakistan
- Reduced higher cost team in India by approximately 98%
- Pakistan-based team now handling approximately 90% of the acquired divisions' core operations
- Poland office ramp-up

## New Local Team Focus

- Division team members pivoting away from operations toward proactive account management and new business development
- Onshore division teams reduced by 40% with additional cost rationalization during Q1 2015
- Leases renegotiated to reduce facility costs by more than 60% in 2015

## Platform Deployment

- Practice Management platform roll-out laying the foundation for greater efficiencies and improved customer satisfaction
- Successful data migrations from third party platforms
- Approximately 60% of accounts migrated to MTBC's platform and on track to surpass 85% by the end of Q1 2015

\* Details relative to MTBC's acquisition of Omni, CastleRock and Practicare as of December 31, 2014, unless otherwise indicated

# Experienced Leadership Team

## Fully Integrated Solution

## EHR Only Solution

## Niche Market Solution

- The US ambulatory EHR / RCM industry represents a \$13b+ opportunity
- athenahealth is the largest market participant with a market share of less than 5%
- The Institute of Medicine estimates that 30% of health care spending – roughly \$750 billion – is wasted annually on unnecessary services, excessive administrative costs, fraud, and other problems
- Affordable Care Act and related regulatory / reimbursement changes are creating unprecedented challenges for smaller EHR / RCM vendors
- 9 out of 10 physicians state a preference for a single-source vendor for all EHR, PM and RCM solutions

Source: Black Book Rankings, 2013 User Survey

### EHR Meaningful Use Road Map

<b>MU 1</b> 2011-13	Data capture and patient access
<b>MU 2</b> 2014-15	Information exchange & care coordination
<b>MU 3</b> 2016-17	Improved outcomes

### RCM ICD-9 to ICD-10

October, 2015 deadline	Medical codes increasing: 13,600 to 69,000
ICD-10	
Few RCM companies have resources to adapt to ICD-10	Technology necessary to prevent margin erosion

# An Emerging Leader in the EHR Space

## KLAS EHR Rankings: 1-10 Provider Practices

Source: KLAS EMR Report, January 2014

# Performance Based Retention

## Higher Claims First-Pass Acceptance Rates

Source: American Medical Association, 2007 Industry report

## Reduced Days in Accounts Receivable

Source: Medical Group Management Association

## Annual Renewal Rates\*

2012 - 2013

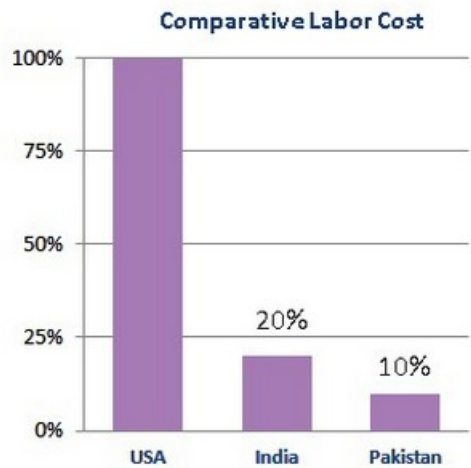

Renewal rates exceed 95% for practices 'meaningfully using' our EHR

**MTBC's focus on customer satisfaction leads to high customer retention**

\* Renewal rate includes acquired practices one year after the date of acquisition and excludes practices that go out of business or are acquired by hospital systems.

- Pakistan operations allow MTBC to realize significant reductions in expenses of acquired companies, at approximately one tenth the cost of U.S. employees and half the cost of India-based labor

Pakistan labor costs are approximately  $\frac{1}{10}^{\text{th}}$  of U.S. employees and  $\frac{1}{2}$  the cost of India-based employees

- 2,000+ English-speaking employees based in Pakistan, with 200 dedicated technology professionals
- Highly educated workforce
- ISO 27001 certified
- HIPAA compliant
- Redundant backup facility four hours away

# Growth Strategy

## Acquisition

Standalone  
RCM  
Providers

## Organic

Standalone  
EHR  
Providers

ICD-10

Industry Pressures

Stage 2

October 2015

Regulatory Timing

January 2014

1,500+

Number of Challenged Vendors

500+

- Consolidate small providers
- Rationalize costs to Pakistan

**MTBC Growth Strategy**

- Partner with EHRs that lack an integrated solution
- Cross-sell MTBC solutions

**Both opportunities allow MTBC to acquire customers in large quantities**

Market Opportunity:

- Large market with over 1,500 RCM providers
- Highly fragmented with no single provider over 5% market share

Potential customer acquisition models:

- Seller financing
- Acquisition line of credit
- Revenue share

**Active pipeline of acquisition targets**

# Organic Growth through Channel Partners

- Leading EHR with more than 7,000 attested providers
- Integration between partner's EHR and MTBC's RCM and PM
- Partner promotes MTBC and provides qualified leads

- Regional EHR struggling to attain MU 2 readiness
- MTBC led MU 2 development and partner integration
- MTBC serves as exclusive referred partner for RCM and PM

- Provider of paper-based solution pivoting to cloud platform
- Integration between MTBC's EHR and partner's platform
- Partner promotes MTBC's RCM and PM solutions

## Other Integrated Solutions:

- MTBC leverages partners' marketing budgets and converts potential competitors into low-cost channel partners
- 70% of the 500k+ ambulatory physicians practice in MTBC's target market of the 1-10 physician practice groups

**Standard offered fee for complete, integrated solution is 5% of a practice's revenues, plus a nominal setup fee**

- Pricing is among the most competitive in the industry
- Aligns MTBC with financial goals of customer
- Offering includes an integrated mHealth, EHR, practice management solution and dozens of other business services and applications for one all-inclusive fee
- One year customer contracts, auto-renew unless 90 day notice of cancellation
- All system updates and upgrades are conducted seamlessly through a cloud-based network without additional charges to customer
- Optional services include transcription, coding, consulting, integration with third-party EHR platforms

# Nine Month Case Study

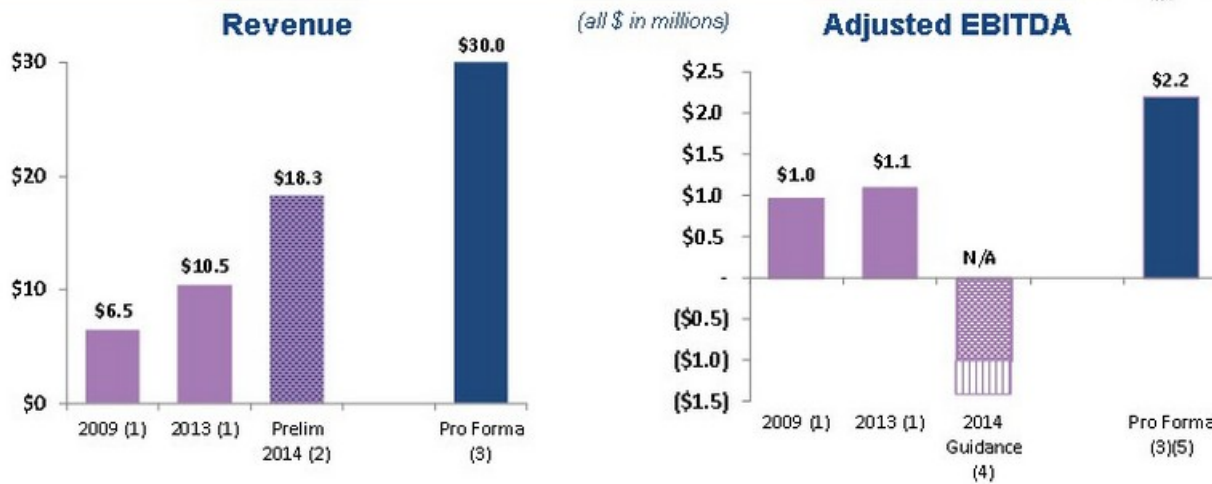

MTBC acquired Metro Medical, with annual revenue of \$3 million, on June 30, 2013 for \$1.5 million

- Reduced directly identifiable expenses from 111% of revenue prior to acquisition to 55% of revenue
- Monthly operating expenses reduced by 52% within nine months
- US employees reduced from 54 to 7 within one year
- Retained 89% of revenue and migrated 81% of customers to MTBC's software solution in nine months
- Cumulative positive cash flow achieved in December 2013

# Historical and Pro Forma Financials

	2013 MTBC Standalone	Pro Forma	Target Margin
Adjusted EBITDA Margin	11%	9%	30%

**NOTES:**

- 1) 2009 and 2013 revenue and Adjusted EBITDA show MTBC prior to the 3 acquisitions at the time of the IPO
- 2) 2014 revenue includes 3 acquired businesses from July 28 – Sept 30, 2014
- 3) Pro Forma revenue and Adjusted EBITDA include 3 acquired businesses for the four quarters ended Q2 2014
- 4) 2014 Guidance. Adjusted EBITDA is not available at this time
- 5) Pro Forma Adjusted EBITDA reflects acquired companies running independently, with no savings from technology or offshore team

	<b>2014 Guidance</b>
<b>Revenue</b>	\$18.0-18.5 million
<b>Adjusted EBITDA</b>	(\$1.0)-(\$1.5) million
<b>Adjusted Net Income per Share</b>	(\$0.15)-(\$0.20)

	<b>2015 Preliminary Guidance</b>
<b>Revenue</b>	At least \$30 million

**On track to reach 30% Adjusted EBITDA margins from the existing business during the second half of 2015**
